SPRING NEWSLETTER

February, 2008

Scholarship— We are pleased to announce that we have been approved by the *Florida Department of Education, Division of Choice* to accept the McKay Scholarship for students with disabilities.

Summer Classes— Registration for our summer class is now open. Classes are academic in focus, but we've got lots of fun on the agenda too, just to prove that *learning can be fun!* We will begin on June 9th and run from 9:00-1:00 daily. The tuition is \$215 weekly. To register your child simply notify Carmen or Geoff and make arrangements for the first week's tuition as a means of securing the spot.

Fall registration is also open. Please contact Carmen or visit chrysalisschool.com for information.

Surfer Parents Rejoice— We now have *WiFi* installed for the convenience of parents who wish to spend their waiting room wait working or just surfing the net. BYO laptop.

Teacher Training— We will be closed on Monday, March 31st for our *Inservice Provider Workshop* on March 30th and 31st. The event will be attended by Read America member teachers from around the country who will be trained to provide the same excellent inservice that we have been providing to Central Florida Schools since 1993.

'Our Most Challenging 100 Students' Workshop in D.C.— Please note on your calendar that we will be closed from April 16th through 22nd so that we can be in Washington D.C. where we will be presenting *Our Most Challenging 100 Students* for our member teachers from around the world.

Read America's Continuing Education Program— We will begin webcasting of select student sessions, to our member teachers who have trained with us, as part of their continuing education. Members will view from a member restricted page on our **Hacker Safe** secured website. Sessions are not accessible to the public; and your child's file will not be accessible to members. Needless to say, if you don't want your child to participate it isn't a problem. Just let us know.

Happy Spring
